

Dear FCC: I am concerned that the proposed expansion of the Low Power FM service could allow these stations to take priority over K-LOVE which we receive on a FM translator. K-LOVE provides a very important alternative source of programming with a positive, Christian perspective to our community. There are no other stations available like it in our area. I know I am not alone in my belief that it is in the best interest of the public to allow this and other stations provided via FM translator services to continue operating. The valuable programming provided by K-LOVE should NOT be jeopardized by any proposal to expand the Low Power FM service.
